Dwayne and Dee Dee:

Please treat the email below from Curt Grisham to John Meyer et al., dated May 25, 2015 as a request under FOIA. Mr. Grisham's email contains the following request:

[provide] me copies or notes of each and every contact McKesson and its representatives have with EPA from this point forward, be that communication via letter, email, telephone or other means.

Dear John,

It is evident that EPA Region 6 Superfund automatically and immediately alerts McKesson Corporation representatives of my contacts with EPA.

As evidence, please see the attached threatening demand letter sent May 15, 2015 by McKesson attorney John D. Edgcomb to my 83-year-old father on the same date as Stephen Tzhone's email acknowledgement to me below.

Mr. Edgcomb's letter to my father states in part:

“Now, even after McKesson has sued you to stop such unauthorized communications, we have learned from EPA that your son and agent, Curt, as recently as yesterday,

brazenly continues to engage in just such unauthorized communications regarding the Arkwood site in further breach of the Settlement Agreement."

As you know, McKesson has sued my elderly father (*not me*) in United States District Court to stop *my* (not my father's) allegedly "unauthorized communications" with EPA and other authorities.

Therefore, I *again* request that EPA afford me the same courtesy it does McKesson Corporation and its attorneys by *immediately* alerting and providing me copies or notes of each and every contact McKesson and its representatives have with EPA from this point forward, be that communication via letter, email, telephone or other means.

Previously, I have been required by EPA Region 6 management to obtain this information through FOIA, involving delays of months at times.

I have complained to you of this unjust disparity in the past. Please see attached my email to you of April 4, 2014, including its attachment, Gloria Moran's March 25, 2014 letter to John Edgcomb. In that email I wrote to you in part:

"Furthermore, why had EPA 'stated this to McKesson Corporation at a meeting last December' but failed to address it with my father until March 25, 2014 or with me *ever*?

"All I got was a courtesy copy of Ms. Moran's letter to my father by way of notification of the change affecting myself.

"I got no courtesy copy of Ms. Moran's March 25th, 2014 letter to McKesson attorney John Edgcomb (attached,) which mentions me by name at least eight (8) times.

"I find these to be further example of patently unfair treatment by EPA of my family and me coinciding with favored treatment by EPA of McKesson Corporation.

"Curt Grisham"

Sincerely,

Curt
